Frolicking on 4th

We hope everyone enjoyed Frolicking on 4th on Saturday December 9th. The pleasant weather brought hundreds of shoppers out to 4th Street. Thanks to Dave Taylor and his wife Martha for making the best hot chocolate in town.

A special thanks to Santa and his elves for taking time in their busy schedules to hang out with us for the afternoon !

Christmas Cheer

A reminder to business owners that the 4th Street BRZ board of directors is having their annual holiday social is this Wednesday December 20th from 5-7 PM It will be held at the Blind Monk located at 2, 2500 4th Street SW.

Hope to see you there!!

Strategic On 4th

Strategic Group has proposed to develop a mixed use building at the old Ingersoll site on 4th Street SW between 20th & 21st Avenues. There would be main level retail with office space above. They are currently working on the architecture and planning concepts. We will keep everyone updated with the progress.

Hopefully we will start to see the vision come to life in the spring of 2007.

Traffic Calming Policy

The traffic calming policy was updated in October. There is now a very informative document available which explains about dealing with traffic issues. You can find this information in a pdf format at www.calgary.ca - City Transportation, Planning Transportation, Calgary Transportation Plan 2005

Also available to the public is an interactive CD called *Community Traffic Issues*.

If you would like to receive a hardcopy of the traffic calming policy or a copy of the CD, contact Community Transportation at 311 or alternately send an email to traffic.calming@calgary.ca

On behalf of the 4th Street Business Revitalization Zone we wish you and yours a joyous holiday season.
