2004 4 Street - Community Update

The 2004 4 Street development team is committed to providing the public and stakeholders with as much information as possible. The following outlines primary construction activities for the month of November:

- Foundation work is ongoing, resulting in a significant amount of excavation. Trucks will be running continuously throughout the month to remove all remaining soil.
- Concrete will be poured daily throughout the month of November. This will result in a constant flow of concrete trucks.
- The tower crane will continue to be used for pouring of the concrete and for the installation of the concrete formwork. Road closures, once or twice a week, along 20th and 21st Ave. will start towards the end of the month.
- Site trailers will be re-located to the north boulevard on 20th Ave. (between 4th and 2nd Street).

Strategic Group thanks all residents for their continued understanding and patience of these construction activities.

Community Block Watch

The Community Block Watch is a movement motivated by the residents of Cliff Bungalow and Mission who are concerned with crime in their area.

Your interest, concerns and comments are very important to the success of this grassroots community initiative. A meeting will be held on Tuesday December 9th at 7:00 PM at the Cliff Bungalow-Mission Community Hall (Cliff Bungalow School) at 2201 Cliff Street. The purpose of this meeting is to try and organize strategies to put more 'eyes on the street' at a community level. Also, to start coordinating 'walkabouts' with a purpose, by having people in groups of four in each of the four quadrants of the community. There will be an opportunity for meeting attendees sign up for each specific area.
